

Before Meeker Cooperative can begin any underground construction (communication cable, fiber or pole installation, removal, repair or relocation), we require the property owner to accurately locate and clearly mark all private facilities and equipment in the proposed construction path. It is your responsibility to mark sprinkler systems, sewer, or water lines, drain tiles, underground electrical wiring, lawn lighting or underground pet fencing, etc. Also, any power lines beyond your meter must be identified.

I agree to locate, mark and clearly identify all private facilities prior to the start of underground construction activities. I understand that failure to locate and mark all facilities could result in damage to those facilities.

I understand that, in the event of damage to facilities that I did not clearly locate and mark, Meeker Cooperative is not responsible and I agree to hold Meeker Cooperative harmless for any damage to any such facilities.

**By signing below, you are agreeing to move forward with installing Vibrant Broadband. Failure to activate account will result in a minimum of \$499.00 installation fee, 30 days after construction is completed.**
